Addendum to Tasman Regional Policy Statement (TRPS) Change 1 Section 42A Report

Addendum prepared by the Tasman District Council

20 October 2026

TRPS Change 1, Hearing 2

1. The Section 42A Report for Hearing 2 on Change 1 to the Tasman Regional Policy Statement, together with its appendices, was finalised and made publicly available on 13 October 2026.

2. On 14 October 2026, Tasman District Council (Council) was advised by Natasha Wilson of Planscapes NZ Limited that the submission by Rose and Kate Windle on Change 1 had been omitted from the Change 1 Section 42A Report and summary of submissions. Council subsequently reviewed its records and identified that the submission addresses both Plan Change 81 and Change 1. The submission has been recorded against Plan Change 81 but has inadvertently not also been recorded against Change 1.

3. The Change 1 component of the submission has now been allocated **submission point 44.1**. The submitters express general support for Change 1 and seek that the Change be approved. The omission does not alter the substantive assessment or recommendations of the Section 42A Report. Submission 44.1 is consistent with the general support submissions already addressed in section 4.1 of the Change 1 s42A Report. I recommend that submission 44.1 be **accepted in part**, to the extent that Change 1 is retained subject to the amendments recommended in the Change 1 s42A report.

4. The following consequential correction should therefore be read into the Change 1 Section 42A report and its appendices:

5. **Executive Summary, paragraph 2**: amend the total from 33 original submissions comprising 160 submission points to **34 original submissions comprising 161 submission points**.

6. **Section 4.1, paragraph 69**: amend the reference from eleven submission points supporting Change 1 to **twelve submission points** and include Rose and Kate Windle (submission 44.1) in the associated footnote.

    a) **Section 4.1, paragraph 73:** include Rose and Kate Windle (submission 44.1) in the associated footnote listing the submissions recommended to be **accepted in part**, to the extent that Change 1 is retained subject to the amendments recommended in the Section 42A Report.

    b) **Appendix 2, Summary of Council Recommendations by Submission Point (TRPS Change 1)**: insert submission 44.1 and record the Council s42A recommendation as **accept in part**.

7. The matters raised are substantively the same as the general support for Change 1 addressed in section 4.1 of the Change 1 s42A Report. Accordingly, the omission does not alter the assessment or recommendations in the Change 1 Section 42A Report, other than the consequential corrections identified above.

Myaan Bengosi

Policy Planner – Tasman District Council
